

## 2010 Farmer / Client Contract

### Community Supported Agriculture

With any form of CSA, the growers and consumers share the bounty of the harvest, and some of the risk as well. Not everything is going to grow every year; that is the nature of farming. Some years you will have more peas than you know what to do with and no plums at all because of a late frost. In the spring your box may be a little light, but by fall, it will be overflowing with wonderful produce and flowers. We will always do our best to provide you with the most varied and plentiful harvest possible.

### Our Commitment

For our CSA Farm Share clients we will:

- Provide high quality, chemical-free produce to our clients for a minimum of 14 weeks and a maximum of 16 weeks
- Do everything in our power to grow varied and plentiful vegetables, fruit, herbs & flowers throughout the season
- Distribute any "extra" veggies fairly among members and/or donate to local food banks or shelters
- Communicate changes in delivery or growing schedule to clients in a timely manner

### Your Commitment

As a 2010 CSA Farm Share Client, I will:

- Pay my fees promptly according to my individual payment plan
- Pick up my box/cooler at the scheduled time & location every week
- Inform Art Farm Oregon 24 hours in advance if I will not be able to pick up my share so it may be redistributed to others

I may arrange for someone else to pick up my share at the same time and location. I will inform AFO prior to my scheduled time.

I understand that any missed weeks will not be refunded or rescheduled.

### Membership

Farm Share membership is available on a limited first-come, first-served basis. We have 15 shares available for the 2010 season. If you are interested in purchasing a share of this season's harvest, please return your signed contract and completed client profile form along with your payment by April 5th. A signed copy of this contract will be returned to you with your receipt and AFO cookbook (2009 edition).
